Customer Reviews

This calendar is perfect. There are 12 different pictures 1st doctor represents January ... 2nd doctor february etc...each month has a picture with each doctor and a quote... also there is a poster a great poster. You can hang the calendar on the wall. Awesome. I will buy it as gifts to all my friends.

I really like this calendar; it has one Doctor for each month, which is brilliant! I love the pictures and the quotes; they add so much to it. The things I don't like are the fact that the week starts out with Monday instead of Sunday, which confuses me. I know a lot of calendars are like that, but I don't prefer that kind, and if I had known this was that kind of calendar, I probably wouldn't have bought it just for that reason. Also the dates are really small, which is not helpful for old people like me. LOL I went through and wrote the days of the week and the dates really big to help myself actually be able to use it as a calendar instead of just a series of really awesome pics of the Doctor. In short, I don't like the calendar part, but the picture part is GREAT!

A nice departure from the usual Barnes & Noble faire of half single picture and half generic grid of other DW calendars! This one devotes a good three-quarters of each vertical spread to the doc of the month along with a companion (or two) and his nemeses. Even better, each has his own inspirational or entertaining quote. Nice photography and artistic collage.

As advertised! Great delivery
