"These poems will fit the moods and needs of people who are probably experiencing a bad time, or who just need a boost on a gloomy day. Cordell's Poems of Spiritual Inspiration is a quick, but lovely book to read." -Michelle Stanley for Readers Favorite

When I decided to write this book of poetry, I had in mine about my own experiences battling depression and having suicidal thoughts. I wrote this book to let people know that there is hope. Jesus can give hope to people who are feeling hopeless. This book is inspirational to those who read it. They will sense the passion and emotion in the poems in this book. This is an emotional and heartfelt book to read. I felt a sense of peace when I wrote this book. Emotions I had bottled up for years I constructively released them in this poetry book to help those who are depressed or feeling suicidal. This book was written to uplift people. This book is different from my other book because this book is poetry. My other book is an academic book on biblical studies.

This is a collection of truly well-thought out poems about Christian themes and values. It is thorough and well-intended, very astute and honest. It is emotional in its outreach and pure in intent. Read this for a look into your spiritual journey and growth !

Cordell's Poems of Spiritual Inspiration Second Edition by Mack "Cordell" Moore will take you on a spiritual journey using the bible as his inspiration. These heart-felt poems are more like mini-stories that are uplifted with the spirit of Jesus. The mini-stories contained within the pages of this charming book teach about love and peace, and give renewed encouragement to those who may be feeling down. It's a blessing when you read an inspiring poem that has bible verses within to strengthen your faith. As I read each verse I could relate to a part of my own life. I got lost in my own life's journey as I read the poem "Life is a Journey" and I read and re-read "Father Forgive the World". But don't just take my word for it. Grab yourself a tall glass of sweet tea, find that comfortable spot you most enjoy and sit back to ride along with this inspirational journey of encouragement to get to know Jesus Christ as the author intended. Cordell's Poems of Spiritual Inspiration is a must-have eBook to read and re-read for self-esteem, inspiration, encouragement and simply getting to know Jesus. I look forward to reading a third edition of this book. Book review by Monica McDaniel for eBook Review Gal.

Cordell's Poems are more like letters of spiritual advice written in poem form. There is not a lot of rhyming but now and then a rhyme appears. This book is gentle encouragement for Christians or those curious about Christianity. Some of the topics covered include: selfishness, temptation, thankfulness, God's attributes, stress, heaven, self-esteem, suffering and suicide. There are also a few meaningful prayers and quite a few poems about Jesus' love and sacrifice. I thought the poem "All I Want is Peace" was applicable to my life as I'm dealing with someone who has a lot of drama

in their life and it is affecting my life. So I could relate to many of the poems and that was nice.~The Rebecca ReviewI received one free book for review purposes.

North Carolina author Mack `Cordell' Moore is a man who has struggled with depression, is a right wing fundamentalist evangelical Christian who has strong beliefs based on his religion. His poems offer here share these thoughts on a number of topics, virginity before marriage, gay relationships, and living a sin-free life. He states in his Introduction, `This book is dedicated to my Lord and Savior Jesus Christ. The purpose of this small book of poems is to introduce the world to Jesus Christ. Whether a person believes in Him or not, I just want people to know why He loves us so much. I want people to learn more about Jesus as well as bring the love of God to people everywhere. My desire with this book is to strengthen or renew peoples' faith in God. I hope people will get encouraged and inspired by these poems. May God bless everyone who read these poems!'An example follows:
Misery Loves Company
You can tell when someone's miserable.
They moan and complain about everything that's wrong with the day,
And miss the everyday blessings that come their way.
When there is a sunny day they complain about the one cloud in the sky,
And act like they want to cry
About that one cloud in the sky.
When it's raining they complain about it isn't sunny,
It really is sad and this isn't funny.
No matter how rich they are, they never have enough money.
They are always negative and discouraging,
Instead of being positive and encouraging.
So misery loves company because the company they keep,
Love being miserable too!
They take joy when someone's life is ruined too.
What it is, is that they listen to the devil,
But the devil is a liar.
Instead they should be seeking the Messiah.
True joy comes from serving the Lord,
And the people who know that usually soar.
Spiritually they go to new heights
Because no matter how bad things may get they know that life
Here is temporary.
They have a better place prepared for them by Christ.
So when you see someone bragging about something good,
That may have happened,
They are really in misery and misery loves company.
Mack Moore believes, and there is strength in his sharing. Grady Harp, July 14

I just finished reading this book of poems and really enjoyed two of them in particular - "Selfish" and "The Right Focus". Both messages resonated with me and reminded me of the importance of focusing on the spiritual life and accepting God as a higher power rather than material things. It is so easy to get wrapped up in daily life and work and other stuff that is not important so it was a refreshing message to read. I definitely got something out of this book and would have given it 4.5 stars but the rating system won't let you do that so FYI. If you are spiritual and appreciate poetry

then this book could be for you.
