# Poly-Canvas Bible / Book Cover W/Fish Applique (Large / Teal)

## Customer Reviews

This seems to be a nice cover, well made, nice fabric, pleasing gray color, but I have to mark it down because of the size issue mentioned by several other reviewers. I wanted a cover for a smallish sized bible so ordered the "medium" sized cover. At the top of the ad it states "Medium: 6 1/8" x 8 7/8" x 1 1/2" and these dimensions are also on the tag attached to the cover when received. Lower down in the ad it states 10.5 x 8.1 x 1.9 inches. So which is it? And do these dimensions refer to the exterior dimensions of the cover, or the size of the book that it is meant to fit. Well it was way too big to fit the bible I had bought it for, (measuring 5.5 x 8.25 x 1). Luckily I had another bible that I could use it for, which fit quite nicely. It measures 9.5 x 6.5 x 1.75. My guess is the biggest book it would fit (again, the "Medium" size model) is 10 x 7 x 2. Be warned!

I like the color of this Bible cover and fabric but it was too big. I measured my Bible and ordered a Medium size and measurements given by description were to give about an inch bigger for my Bible to be able to move freely without being too tight. When I got the cover it was more like 2"-3" bigger. My Bible slid around in the cover and I had to hold tight to it to keep it from falling out. BUT I was contacted by the Seller and they were very kind and resolved the problem very graciously by sending me a smaller one free of charge. This Seller is to be commended for their willingness to make amends. I would recommend this item. Just remember it runs large.

This cover is inexpensive, well made considering the price and nice looking. I generally use paperback covered Bibles and this does the job protecting it (which makes them last much longer) and carrying the extras I need for Bible study and RCIA classes. The outside zipper pouch carries pen, pencil, highlighter, Book Points (for those not in the know, these are great little metal place makers that slide onto the page and help you keep track of multiple important scripture passages) and a small note pad.

On the biggish side. My Bible is "the same size as the book cover" but the cover a little bit bigger. Its good if you add another small book with it, to fill in the spaces. But love the material.

I got this for my husband for Christmas and he loves it. Its a bit bigger than his bible but he's fine with it. He likes that it zippers and has a handle. Overall great buy for the price.

I bought one of these for my little boys bible & liked it so much I got one for each of the other kids. It's larger than a standard size bible shop if you are concerned about a proper fit, you'll want to be aware of the measurements. We've had the first one for 4 months now & use it at least twice weekly with no problems.

I just purchased the NIV Study Bible in standard print. Christian Art describes the large cover as designed to fit the NIV Study Bible, and the medium cover to fit the NIV Study Bible Personal Size. I have the personal size which is definitely smaller. So I ordered the large to find only that it is WAY too big! My bible was literally sliding around in the cover and it was too large in depth, width, and length. Even though the medium says it only fits bibles up to 1.5 inches, I went ahead and ordered the medium, to find it to be a perfect fit for the standard size NIV Study Bible. Now that I have a cover that fits, the cover itself is of good quality for the price. It's described as a value cover, and that's what you are getting. However, the quality and stitching is actually better than some more expensive covers I looked at in the bookstore. I just ordered the same cover in gray as well and would order again in the future.

Nice bible cover. The quality is good and roomy. The price was also good. Highly recommend this cover. Wished it came in more colors
