Gift Of The Nile - Pbk

Synopsis

In ancient Egypt, Mutemwia the slave girl befriends Pharaoh and becomes his trusted counsel. But she is unhappy because she is not free. Will Pharaoh grant this gift to his friend? The Legends of the World opens readers' minds to the diverse cultures of Native America, Asia, Africa, the Caribbean, Eastern Europe, and the Americas through enchanting tales passed down through countless generations. Each book in the series features geographical, historical, and cultural information. Illustrated in full color.

Age Range: 7 and up

Grade Level: 2 and up

Customer Reviews

Grade 1-3-- Based upon an ancient hieroglyph, this folktale tells of the Pharaoh Senefru and the young woman, Mutemwia, who is given to him by her father as a gift. Wise, talented, and forthright, she soon becomes the Pharaoh's special confidante. But when she confesses her homesickness to him, he imprisons her. Soon he, too, loses interest in life, and asks his magician for help. In the end, Mutemwia is granted her freedom, but she remains Senefru's truest friend. Mike's retelling is vivid in places, but stilted language and a choppy style reduce its power and appeal. The story itself goes in too many directions to build effectively. Although there is some explanatory material on the last page, there is no pronunciation guide. The characters in Reasoner's illustrations don't have mouths.

If this is a characteristic of hieroglyphs, an explanation, or at least a reproduction of a hieroglyph of a human (other objects are offered on the last page) would be useful. Problems with color reproduction give the characters inconsistent skin tones. While the illustrations pick up many of the motifs of the hieroglyphs, as well as pyramids first built by Senefru, both the visuals and the text are, at best, average. --Lyn Miller-Lachmann, Siena College Library, Loudonville, NYC

My children loved this story.

At this point, the Legends of the World Series is rather like an old friend...we can almost always count on our experience being pleasant, informative and fun...and that is the case with *The Gift of the Nile: An Ancient Egyptian Legend*. This time out we are introduced to Mutenwia a girl given to the Pharaoh by her father, as a gift. Though she is plain, she is honest and kind and soon becomes the Pharaoh's closest friend and advisor. Over time, she becomes terribly homesick and tells the Pharaoh of this. He is deeply hurt that he misses her old life more than she has missed him while he is away...he also begins to find it hard to be happy and enjoy life without Mutenwia as part of it and asks his Magician for counsel. The legend goes on and ultimately Pharaoh confesses to her that she is his truest friend and confidant and he cannot bear for her to leave, as a compromise, he gives her the freedom wants and grants her a home near the palace so that they might forever be close to one another. Overall, the *Gift of the Nile: An Ancient Egyptian Legend* reminds me very much of *Muti's Necklace* (with minor variations). While I enjoyed Muti's strong character, this version is, I think closer to the traditional version. The illustrations are about par for the course for this series and far less lush and vivid than in *Muti's Necklace*, but still quite nice, though the lack of mouths throughout was somewhat distressing and eyes were either depicted as slits or fish (a little strange)...I'm not sure what the author/illustrator hoped to convey with these visuals. I give it four stars, it's a lovely story and the illustrations match the text quite well, but it's not as engaging as some of the others in this series have been. One final note, each book in this series comes with a one page summary of the legend, including other names it's been called and a bit about the history how the story developed and what its significance is, so you don't just get the story...you get the context as well! This is something that I really enjoy in this series and it's one of the reasons that I recommend it.

my mother bought me this book from a school book order form when i was in 3rd grade- it become

one of my very favourite books as a child, and i still own it to this day. it helped cement my love of ancient history, ancient egypt in particular. i love how the illustrations are a take on hieroglyphs, and the story is told in the almost formal way that hieroglyphs read in ancient egyptian. if you have a little budding history buff, i can't recommend this book enough.

Reading Level: Primary/Intermediate. The Gift of the Nile is a legend from the continent of Africa, but is an ancient Egyptian legend. As a multi-cultural legend this is a great addition to any collection of books. The writing is fast paced and the illustrations are colorful and have an authentic Egyptian look about them. Not only does it tell a story of the Pharaohs but of the true meaning of friendship as well. It explains that to be a true friend we must accept people as they are and not try to control the people with whom we are friends. There is a historical note in the back of the book which gives a brief introduction of Egyptian life and that of the Pharaoh's.

this is a great children's book. the illustrations by Charles Reasoner are also great. if you have children this is a book that you will want to buy. this is also a great story on friendship.

this is a good book for children.
